

PHILIP MORRIS INCORPORATED

LAW DEPARTMENT MEMORANDUM

RICHMOND, VIRGINIA

DATE: 6 April 1979

FROM: A. Palmer, Jr.

SUBJECT: URGENT FOREIGN FILING DECISIONS

Following up on our discussions at the Patent Committee meeting last week, particularly as to the list of countries shown on my memo of March 8 (copy attached), do I understand correctly that you will check with Max Hausermann for the reasons behind their recommendation to file Case V (PM 697) in Bulgaria, Nigeria and Poland?

Also, do you or the others copied on this memo see any reasonable basis for eliminating some of the long list of countries for Case I (PM 813B)?

By means of copying Howard on this, I want to suggest that he may wish to go ahead with the combined filing of the PM 811-A, -B and C cases in the six countries noted. I'll let him know about the other two cases as soon as I have replies from everyone.
